## Evaluation

**At Rose Bay I accomplished a number of things including walking the ESE kids around from station to station. I also picked up trash with Mr. Butler. Then we went back to the pavilion and got a buddy and helped plant a tree. Then we all gathered together and had lunch. During lunch Mrs. Chapman passed out awards to each of us who participated at Rose Bay. I also helped Mr. Davis unload his truck and set up the food equipment. And at the end I helped him take down the tent and reload his truck.**
